CALIFORNIA GROCERS ASSOCIATION EDUCATIONAL FOUNDATION TO AWARD A RECORD \$588,100 IN COLLEGE SCHOLARSHIPS

CGAEF marks 25-year legacy of awarding California's deserving grocery employees and their families with the gift of education

SACRAMENTO, Calif. – June 27, 2016 – Hundreds of California grocery industry employees will receive life-changing financial assistance this year through college scholarships awarded by the California Grocers Association Educational Foundation.

Currently the largest statewide grocery industry scholarship program in America, the Foundation will offer 376 deserving students a record \$588,100 in financial relief from ever-rising costs that prevent many from completing their education, a \$38,000 increase over last year's award total.

"The significance of this scholarship program and the grocery industry's generosity cannot be overstated; this program has been indispensable to countless individuals. At a time when students continuously struggle to continue their education while lessening their financial burden, this program ensures that hundreds of students every year will receive the financial support they need," commented Brad Askeland, CGAEF Chairman of the Board of Trustees.

Beginning with a single scholarship in 1992, the Foundation has grown exponentially over the last 25 years to bestow more than 3,000 worthy college students with awards totaling more than \$3.5 million — ensuring that California's grocery employees and their dependents have the resources necessary to start or complete their higher education. The program includes four types of scholarships: CGAEF funded, Legacy, Donor and Piggyback Partnership Scholarships.

CGA Educational Foundation college scholarships are open to high school seniors, college freshmen, sophomores, juniors, seniors and graduate students who are dependents of employees, or are themselves employed by a California Grocers Association member company.

"The growth of the Foundation's college scholarship program has been nothing short of phenomenal," noted CGA President and CEO Ronald Fong. "In these challenging economic times, the mission of the CGAEF is helping individuals achieve their goals by providing the opportunity to enhance job skills and education by assisting with the cost of tuition is all the more important."

Shiloh London, CGAEF Executive Director, also cited the vision for the college scholarship program. "We hope the results of our program this year will be twofold – that California's grocery industry will retain skilled, qualified employees, and that this will serve as a catalyst for future philanthropic fundraising in ever larger amounts to support present and future generations of grocery industry employees," she said.
